

### **...AND THEN COMES THE GIFT**

The CLASSIC line contains within itself the whole Bolis tradition. A line that can dress up any gift as a tailored dress suitable for every occasion. It is made of timeless and always fashionable items, that offer the chance to play different styles in the act of gift-giving. The **CLASSIC** line includes a full range of **monochrome** gift wrap, ribbons, bows, raffia ribbons, decorative films as well as shopping bags.

### **OUR HISTORY**

There are stories that are born from intuition and become a splendid reality.

Our long journey began in 1927 and has grown with the intent of transferring passion and experience, from the first decorative rayon ribbons to the modern conceptions with expanded polypropylene, which provide extraordinary colour effects and light reflections.

A long experience, in which we have been key players in the development of the products and the market, until we have come to the top of world production with adequate production facilities, completely respectful of the environment and of the work done by our many loyal employees.

The recent addition of the gift wrap and shopping bags represents the natural evolution to offer customers only one favourite partner, that delivers a valuable service with products entirely Made in Italy. We provide energy, expertise and experience!

### **FROM CLASSIC TO TRENDY**

We do not just offer classic items. We constantly develop solutions with the highest amount of creativity and innovation combined with functionality, with a design linked to the current fashions and colours. But this is a topic of our **TRENDY** complementary catalogues and sets of samples, that aims to stimulate and intrigue your imagination.
